

# **GOLDEN FUTURES**

**Giving disadvantaged Cambodians  
the opportunity to brighten their future.**

**Working with a local orphanage  
Golden Futures help young people  
to further their education and even  
set up their own business.**

**Achieved through a micro-finance  
system, loans are assigned then  
repaid when the recipient is earning  
a pre-agreed amount.  
This means that the same donation  
can be used again and again;  
repeatedly putting people through  
college or training.**

**You could literally help dozens  
of young people to help  
themselves and give them  
a truly **GOLDEN FUTURE.****
